

I could not find the NOP rules and regulations on the website, how can I find them or obtain a copy?

A copy of the NOP rules and regulations can be found by going to <http://www.ams.usda.gov/nop> and click on 'Regulations' under the 'General Information' tab on the right side of the page. Once there, you will need to click on 'Electronic Code of Federal Regulations (e-CFR) website.' The regulation is available for printing or downloading from this site.
